KBW Texas Field Trip
May 23, 2013
Forward-Looking Statements: This presentation contains statements that are based on management’s beliefs, assumptions, current expectations, estimates, and projections about BOK Financial Corporation, the financial services industry, and the economy generally. These remarks constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “anticipates”, “believes”, “estimates”, “expects”, “forecasts”, “plans”, “projects”, variations of such words, and similar expressions are intended to identify such forward-looking statements. Management judgments relating to, and discussion of the provision and allowance for credit losses involve judgments as to future events and are inherently forward-looking statements. Assessments that BOK Financial’s acquisitions and other growth endeavors will be profitable are necessary statements of belief as to the outcome of future events, based in part on information provided by others which BOKF has not independently verified. These statements are not guarantees of future performance and involve certain risks, uncertainties, and assumptions which are difficult to predict with regard to timing, extent, likelihood and degree of occurrence. Therefore, actual results and outcomes may materially differ from what is expressed, implied or forecasted in such forward-looking statements. Internal and external factors that might cause such a difference include, but are not limited to, changes in interest rates and interest rate relationships, demand for products and services, the degree of competition by traditional and non-traditional competitors, changes in banking regulations, tax laws, prices, levies, and assessments, the impact of technological advances, and trends in customer behavior as well as their ability to repay loans. For a discussion of risk factors that may cause actual results to differ from expectations, please refer to BOK Financial Corporation’s most recent annual and quarterly reports. BOK Financial Corporation and its affiliates undertake no obligation to update, amend, or clarify forward-looking statements, whether as a result of new information, future events, or otherwise.

Non-GAAP Financial Measures: This presentation may refer to non-GAAP financial measures. Additional information on these financial measures is available in BOK Financial’s 10-Q and 10-K filings with the Securities and Exchange Commission which can be accessed at www.BOKF.com.

Peers: Peers are defined as a group of 20 U.S. based publicly traded bank holding companies, 10 immediately larger and 10 immediately smaller than BOK Financial in terms of asset size at 12/31/12.

All data is presented as of March 31, 2013 unless otherwise noted.

Q1 Highlights:

- **C&I decreased $224 million:** Declines in energy and other sectors offset growth in manufacturing
- **CRE increased $56 million:** Growth in retail and multifamily partially offset by declines in other sectors
- **Residential decreased $33 million:** Decline primarily due to refinances of permanent mortgage
- **Consumer loans decreased $18 million:** Liquidating indirect automobile loan portfolio declined to $24 million
- **Loans grew 9% in 2012; growth slowed to 4% annualized over the last 6 months**
Net Interest Revenue
Low Interest Rate Environment Pressures NIR

- Since 2Q11, average earning assets increased from $21.0 billion to $24.5 billion due primarily to growth in the securities portfolio.
- During Q1 growth in average loans was largely offset by a decline in the AFS securities portfolio.
