Investor Presentation

NASDAQ: BOKF
Forward-Looking Statements: This presentation contains statements that are based on management’s beliefs, assumptions, current expectations, estimates, and projections about BOK Financial Corporation, the financial services industry, and the economy generally. These remarks constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “anticipates”, “believes”, “estimates”, “expects”, “forecasts”, “plans”, “projects”, variations of such words, and similar expressions are intended to identify such forward-looking statements. Management judgments relating to, and discussion of the provision and allowance for credit losses involve judgments as to future events and are inherently forward-looking statements. Assessments that BOK Financial’s acquisitions and other growth endeavors will be profitable are necessary statements of belief as to the outcome of future events, based in part on information provided by others which BOKF has not independently verified. These statements are not guarantees of future performance and involve certain risks, uncertainties, and assumptions which are difficult to predict with regard to timing, extent, likelihood and degree of occurrence. Therefore, actual results and outcomes may materially differ from what is expressed, implied or forecasted in such forward-looking statements. Internal and external factors that might cause such a difference include, but are not limited to, changes in interest rates and interest rate relationships, demand for products and services, the degree of competition by traditional and non-traditional competitors, changes in banking regulations, tax laws, prices, levies, and assessments, the impact of technological advances, and trends in customer behavior as well as their ability to repay loans. For a discussion of risk factors that may cause actual results to differ from expectations, please refer to BOK Financial Corporation’s most recent annual and quarterly reports. BOK Financial Corporation and its affiliates undertake no obligation to update, amend, or clarify forward-looking statements, whether as a result of new information, future events, or otherwise.

Non-GAAP Financial Measures: This presentation may refer to non-GAAP financial measures. Additional information on these financial measures is available in BOK Financial’s 10-Q and 10-K filings with the Securities and Exchange Commission which can be accessed at www.BOKF.com.

All data is presented as of March 31, 2018 unless otherwise noted.

Core Strategy: Build a recession proof bank that will outperform peers across the economic cycle

- Disciplined credit focus
- Robust portfolio of fee generating businesses
- Largely focused on organic growth
- Neutral balance sheet
- Differentiated specialty lending businesses
- Opportunistic investment in new businesses

“There is no principle more emphasized in our organization than managing for long-term value rather than short-term results.”

– George Kaiser, Chairman

Diverse Revenue Sources

- 43% fee income is significant differentiator for BOKF compared to other midsized regional banks
- Well diversified: no single component of fee income accounts for more than 10% of total revenue
- Further diversity within the fee income categories:
  - Brokerage and trading: institutional trading, retail brokerage, investment banking, and financial risk management
  - Transaction card: ATM network and merchant services
  - Fiduciary and asset management: Mutual funds, corporate, foundation, and personal trust, 401(k) services, and professional services including mineral management
  - Mortgage banking: direct and online mortgage originations, mortgage servicing

Energy Lending Update

- A differentiated specialty lending business for BOKF
- 100 year history in energy lending and a playbook that works:
  - Focus on first lien, senior secured E&P lending – the sweet spot in energy lending
  - Internal staff of 13 petroleum engineers and engineering techs to confirm property values
  - Focus on on-shore "lower 48" property sets with no deepwater offshore exposure
  - Minimal exposure to second liens, PUDs, or other higher-risk components of the capital stack
  - 50-60% loan to value on proved producing reserves
  - Use forward markets as the value determinant for borrowing bases

At 3/31/18:
- $3.0 billion outstanding and $3.0 billion unfunded commitments
- E&P line utilization 53%

Healthcare Banking Expertise

- Growing line of business within commercial banking
  - Five year CAGR 16.5% through 12/31/17

- As of March 31, 2018, outstandings totaled $2.4 billion across 31 states and three categories:
  - Senior Housing
  - Hospitals
  - Service Medical

- Healthcare portfolio characteristics:
  - Favorable LIBOR spreads
  - Above-average loan utilization rates
  - Predominately BOK Financial originated commitments - less than 14% of commitments from broadly syndicated transactions
  - Senior Housing commitments real-estate collateralized and secured
  - Favorable credit metrics - No senior housing charge-offs (net of recoveries) since 2003
$3.5 billion outstanding and $1.2 billion unfunded commitments at 3/31/18

Primary focus is customers in the BOKF footprint.

BOKF allocates 175% of Tier 1 capital plus reserves to CRE. (NOTE: OCC guideline is 300%)

Further controls and limitations by product type and geography. Concentration guidelines are analyzed and adjusted quarterly as needed.

Extensive, granular loan underwriting guideline standards reviewed and adjusted semi-annually.

Strong relationship between the front line production/bankers and credit concurrence officers. Bi-weekly vetting and discussion of potential opportunities in loan pipeline.

Minimal exposure to residential construction and land development (highest risk, most cyclical sector in CRE)

**Fee and commission revenue drivers:**

- Brokerage and trading revenue down due to lower investment banking revenue, which was in turn related to elimination of pre-funding for municipal customers.
- Strong year-over-year growth for TransFund due to double-digit growth in transaction volume and stable per-transaction revenue.
- Continued strong growth from Fiduciary and Asset Management due to higher year-over-year AUM.
- Stronger than expected mortgage banking revenue driven by higher gain on sale margins.

- Personnel expense down in Q1 due to lower-than-expected incentive compensation expense
- Professional fees and services down as expected due to acceleration of spend into Q4.
- OREO expense includes property value write-down of $5 million.
- Mortgage banking costs lower due to declining delinquency rates and lower levels of on-balance-sheet government backed loans.

Forecast and Assumptions

2018 Expectations

- Mid-single-digit loan growth
- Available-for-sale securities flat to slightly down
- Modest growth in net interest margin
  - Assuming two additional Fed rate hikes in 2018 (June and September) with continued active management and control of deposit pricing
- Mid-single-digit growth in net interest income
- Low-single-digit revenue growth from fee-generating businesses
- Low-single-digit expense growth
- Bias toward additional loan loss reserve releases in the first half of 2018
- Blended federal and state effective tax rate 22-23% going forward
